

Guiding your NIS Compliance Journey

Your First Steps Towards NIS Compliance
with Kumoco and ServiceNow

Unlocking NIS Compliance with Kumoco's Comprehensive Solution

What are The First Steps?

Embarking on the path to compliance begins with a meticulous assessment of your organisation's current cybersecurity posture. Our team of seasoned experts will collaborate closely with you to conduct a comprehensive evaluation of your existing cyber security measures. We will also identify vulnerabilities, assess your readiness to meet the requirements of EU NIS2 and UK NIS 2018 directives and create a roadmap for compliance tailored to your unique needs.

Key Focus Areas:

- **Gap Analysis:** Our experts will pinpoint areas where your cybersecurity practices may fall short of regulatory requirements.
- **Risk Assessment:** Identify potential threats and vulnerabilities specific to your organisation's ecosystem.
- **Compliance Roadmap:** Work with us to develop a customised plan that outlines the precise steps needed to achieve compliance within your timeline.
- **Regulatory Guidance:** Stay updated with the latest EU NIS2 and UK NIS 2018 compliance requirements and recommendations.

A Weight off Your Shoulders:

Kumoco harnesses the power of ServiceNow, a premier platform for managing digital workflows and ensuring compliance. Through ServiceNow, we provide a smooth integration of compliance activities into your everyday operations, guaranteeing efficiency and accountability.

Our ServiceNow Integration offers:

- **Automated Compliance Checks:** Streamline your compliance monitoring and reporting processes with automated checks and real-time notifications.
- **Real-time Dashboards:** Gain valuable insights into your organisation's compliance status through customisable dashboards that provide a clear and current view of your progress.
- **Incident Response:** React swiftly to security incidents, aligning your responses with regulatory requirements to minimise risks.
- **Audit Trail:** Maintain comprehensive records to demonstrate compliance during audits and inspections confidently.

Take the Next Step with Kumoco

Ready to elevate your cybersecurity compliance and navigate the new NIS Directive with confidence?
